

Digital Signage for the Retail sector

**Keep customers informed and engaged with
easy-to-use Illumineye Digital Signage suite from VXL Software**

Our digital signage solution replaces static text and pictures with eye-catching displays, using video, moving images & scrolling text, to enhance your customers retail experience. Pre-prepared templates make organising media easy and scheduling software lets you choose the right time when different media is displayed.

With Illumineye digital signage you can quickly and easily:

- Display latest advertising campaigns
- Display new product launches
- Display promotional offers
- Display social media feeds
- Display wayfinding for customers
- Embrace a greener communication policy
- Provide a low cost solution with high return on investment... and much more

Illumineye DS Suite is the official supplier to:

- Blackwell's Educational Book Stores
- Creams & Kaspas Dessert Restaurants
- WingWing Chicken Restaurants

Create, manage and display with Illumineye Digital Signage Suite
